<sup>\*\*\*</sup>Please send your suit insured by a carrier that provides tracking info (UPS, FedEx, ETC) NWSC is not responsible for lost suits. Do not send drysuit bags or extras. We only want what we are working on (please send with all valves including p-valves). If you are sending in a White Fusion, we recommand not sending the outer skin, it needs to be removed, and there is a \$20 charge to put it back on. If the skin is with the suit, we will assume you need it attached, and you will be charged accordingly.
